I can't afford to take the time off work. And I don't believe the stress of having this kind of responsibility is something my family can handle right now. I in particular don't know if I could handle the responsibility of juroring. Sounds romantic until you contemplate taking that kind of weight home every day then try to sleep and never discuss it with anyone at home.

I am a single dad that has his kids every other week. It would be hard for me to find places for my kids to go if i am called to a jury trail.

I have a hard time sitting or standing for more than an hour with out discomfort.

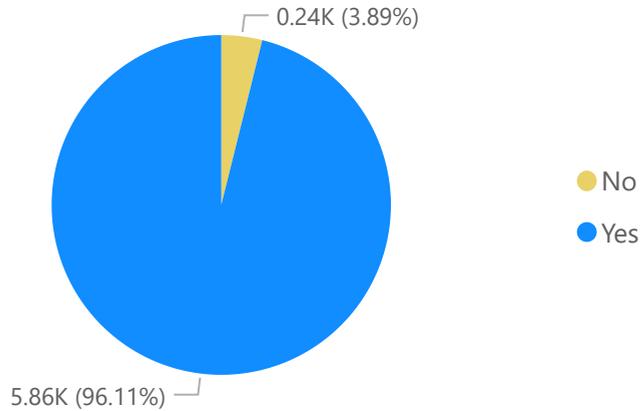

I work Thursday thru Saturday so I can't take off as I only work 3 days a week md would miss and could not afford it

I would like to be excused temporarily.

please feel free to talk with my nurse manager Shauna Nash. Her email is Shauna.Nash@imail.org or cell phone 801-682-9296.

To minimize the risk of transmission of COVID-19 and avoid the possibility that cases will have to be retried, we ask that prospective jurors and all other participants in the trial follow any and all directives from public health authorities for a period of 14 days prior to the start of trial. That means complying with all rules regarding wearing masks in public, maintaining appropriate physical distancing, and limiting your participation in social gatherings. It is likely that there will be testimony from one or more law enforcement officers during this trial. If you are selected to be a juror, you will be required to judge the credibility of a law enforcement officer the same way you would be required to judge the credibility of any other witness, regardless of his or her job in the community. The fact that a witness is a law enforcement officer does not mean that his or her testimony deserves more or less consideration than any other witness.
